

INFORMATION NEEDED FROM NCDOT TO PROCESS INSPECTIONS BY NCDOI

1. Type of inspection, such as; traffic signal, camera, lights, etc. Also if this is a partial inspection ,for example; if it is a change out and the cabinet will be set at a later date an additional inspection will be required after cabinet is set.
2. Location of inspection; intersections, mile markers, the city or township , any other information you can supply to help us locate the inspection site.
3. The date that the inspection will be ready.
4. The Name, telephone number, and the complete mailing address of the Electrical contractor
5. The contact information of the power / utility company such as ; contact name, phone number, fax number, work order number or premise number or any information that will be helpful in releasing power.
6. Please e-mail and phone your request to the inspector that is assigned to your area (please see attached map with inspectors e-mail and cell phone numbers) .
